

***Rob Hassay's ProTour to Appear at BikeWeek
New Orleans
And Carolina Harley Dealers Beach Rally***

Hubbard, OH

In an effort to constantly provide more return for their industry clients and greater access to quality products and information for all motorcycle enthusiasts, Rob Hassay's ProTour has added two new events to its 2009 rally schedule.

After leaving the Laughlin River Run in Nevada the ProTour rig will make the long haul through the badlands of Texas in order to make an appearance at the inaugural BikeWeek New Orleans at the Broken Spoke May 6-10.

Hassay states that "We spent most of the past year evaluating just how to reach the biggest number of riders in the southeast during the month of May. Judging from the excitement coming out of both New Orleans and New Bern, NC we finally have locations that will welcome us and our motorcycles with open arms and actually be happy that we are in their town!"

According to Rob "In New Orleans Jay Allen and his tireless crew from the Broken Spoke, along with Larry and the BikeWeek.com folks have put in a monstrous effort; they are going to have the biggest first-time rally many of us have ever seen." Rob went on to say, "riders will be able to learn all the latest from the ProTour crew about Mikuni Carburetors, SuperTrapp Exhaust, NGK Spark Plugs, Dead Center Fairings and our newest client: Raygun Technology – come on out and let us answer all your technical questions and show you how to make your bike run better and last longer!"

After wrapping up at New Orleans, the ProTour will make a mad dash across Mississippi, Alabama, Georgia and South Carolina; rolling into New Bern, NC on Wednesday May 6th for the Carolina Harley dealers Spring Beach Rally. With regard to a second new event in as many weeks, Rob points out that "If you are looking for an event to attend in the Carolina's, you have to go with the Carolina Harley Dealers above all others – they know what Harley riders are looking for." Rob added, "The Carolina dealers originated the Spring Beach Rally 69 years ago and are going to make New Bern the "Beach Rally" that counts. Thanks to my old racing buddies Don Tilley (Tilley's HD) and Eddie Cox (Cox's HD), we can all still go to the beach in May.... just a little farther up the coast from now on!"

For updates and information on both these great new events check out any of the following websites or you can call us toll-free at 1-888-RACEPRO. We'll see you in New Orleans and New Bern!
