FEBRUARY 23, 2008

VForce Customs teams with RacePro for full 2008 ProTour Rally Schedule

Hubbard, OH

After forming VForce Customs, Vinnie DiMartino and Cody Connelly needed a high-profile way to show off their one-of-a-kind customs to the world at events and rallies throughout the US.

Rob Hassay of RacePro, Inc is pleased to report that Vinnie and Cody have teamed with RacePro for 2008. The inaugural VForce Custom motorcycle – VForce 1 - will travel the country this year as part of Rob Hassay's ProTour.

Vinnie explains that “ We want to be certain that when VForce attends an event we are there in the biggest way possible, and always at the best location. Rob and his ProTour have a long history of providing their clients exactly that every year.” Cody was quick to add “ We don't have time, and don't want the hassle of having our own truck and making sure it gets to all the events as scheduled. With the Rob and the ProTour we have no worries and we know that VForce will be represented professionally at every turn – we couldn't be happier.”

The ProTour travels to and exhibits at the biggest rallies each year on behalf of some of the best known companies in the motorcycle business. VForce will join existing ProTour clients: Mikuni Carburetors, K&N Engineering, NGK Plugs, and Cobra Engineering. Vinnie and Cody will also attend most events and make appearances at the ProTour rig to meet with riders, and hang out with friends new and old.

Look for the ProTour and VForce to kick off the year by getting “Back to the Beach”. The ProTour rig will return to its Beach St. roots and be set up at Riverfront Park beginning Friday February 29th – with the unveiling of the inaugural VForce Custom at noon on Saturday March 1st.
